

---PRESS RELEASE---

Your thoughts could win you £210.00 worth of shooting boots

The visitor feedback system at each of our events ensures we continue to organise the leading group of countryside events in the UK. At each event one lucky visitor is rewarded at random for their feedback with a brand new pair of Irish Setter Shooting Boots, worth £210.00, generously supplied by [Footwear Country](#). [Kelmarsh Country Fair](#)'s feedback has now been gathered and Mr. P. Emmerson of Rugby has been drawn at random to win a pair of these fantastic boots.

Despite the freak weather conditions experienced over the Easter Bank Holiday Weekend the visitor feedback from [Kelmarsh Country Fair](#) is overwhelmingly positive. Keep visiting our website for news on how we are using this feedback to further improve what is already recognised as one of the premier countryside showcases in the UK, [Kelmarsh Country Fair](#).

In light of last year's visitor feedback we have introduced the all new Countryman Fairs Food Festival at each of our events. The Food Festival offers displays in traditional butchery methods and game preparation, complemented by retailers selling local produce, ranging from cheese to pork pies and traditional cider to handmade sausages. Good quality, traditionally prepared local produce is very much in demand and the Countryman Fairs

Food Festival has received recognition national recognition for the range of rural produce available.

If you did not manage to join us at [Kelmarsh Country Fair](#) then [Highclere Country Fair](#) and [Sussex Country Fair](#) provide the perfect opportunity for you see for yourself why our visitors rate our events so highly.
